

*Helping
coaches and
players do their
best as a team*

EuroSoccer Team Camps

EuroSoccer Team Camp is an opportunity to have a professional soccer coach train your players intensively for a week at your field and a time that suits everyone in your team. We travel to you!

WHO ARE WE?

For the past 15 years our professional coaches from Scotland have successfully trained more than 500 competitive and recreational teams in Northern California. We are a small company focused on delivering quality coaching services rather than quantity.

WHY HAVE A TEAM CAMP?

Our team camps develop new ideas and level of play to take the team forward for the upcoming season. It is a new experience for everyone on the team at a lower cost than individual uncoordinated training. We help you plan and organize your season so you can focus on your coaching, games and strategizing.

WHAT TEAMS DO WE COACH?

We train teams of all ages and abilities, recreational to competitive Class 1. We can focus on skills, tactics, strategies, team cohesion, and other play concepts. We develop a program specifically to the level of team we are coaching. This is done through liaison with the team's coach and observing the team play.

WHO HAVE WE WORKED WITH?

Teams from soccer clubs such as Davis, Landpark, Greenhaven, Folsom, El Dorado Hills, Prospector, Fair Oaks, Orangevale, Sacramento United, Lafayette Moraga Youth Association, North Lake Tahoe, and others.

To Get Started

- Call us if you have any questions
- Select 2 potential weeks
- Call us for availability
- Fill out the form (attached or download it from our website)
- Email or mail the form with payment

Call us or check our web site
for additional information
